

Why Fly With the Sanford Seacoast Regional Airport?

What Makes the Sanford Seacoast Regional Airport the Perfect Landing Site?

Sanford is located in the heart of York County which is the geographical center of New England! It is southern Maine's gateway and favorite landing site for recreational pilots, business travelers, and those seeking rest and relaxation. It is perfectly suited for every level of corporate and general aviation.

What Makes the Sanford Seacoast Regional Airport Safer and Easier for Pilots?

The Sanford Regional Airport can accommodate aircraft weighing up to 100,000 pounds! With a 6,389-foot primary runway, *and* 5,000-foot crosswind runway, we offer you six instrument approaches, ILS, pilot controlled lighting and automated weather (AWOS-3).

What Makes the Sanford Seacoast Regional Airport the Perfect Vacation Connection?

We're located only 10 miles from Maine's southern coast with quintessential beach communities and 30 miles of dazzling white sand. Lighthouses dot the shore. Luxury resorts and inns share stunning views with cottages and lobster shacks. Recreation abounds. The region is an art lover's and seafood connoisseurs delight. Enjoy spectacular fall foliage. See why we are a true four season vacation destination.

What Makes the Sanford Seacoast Regional Airport #1 Among Our Customers?

Our FBO Services! Southern Maine Aviation offers a full range of services to the pilot and passengers featuring full and self-serve fuel, auto rentals, courtesy car, taxi service, catering, lavatory service, pilot supplies *and* maintenance. Not to mention, there is the ever popular Cockpit Café overlooking the ramp, serving a full menu of delicious breakfast and lunch specialties daily!

What Makes the Sanford Seacoast Regional Airport the Right Base for Your Plane?

We have high quality, private and commercial hangar sites ready and available with long term lease and competitive lease rates.

Why is the Sanford Seacoast Regional Airport a Premier Advantage for Business Development or Expansion? We've got several industrial sites with shovel-ready status strategically located adjacent to the airport, *all* conveniently located only minutes from the I-95 corridor. With our new 64,000 square foot ramp, we are equally ready for an aviation enterprise!
